December 13, 2011

Honorable Mayor Donaldson and the Board of Trustees
Village of Hazel Crest
Hazel Crest, Illinois 60429

Board Members:

In accordance with State Statutes and local ordinance provisions, we hereby transmit the Comprehensive Annual Financial Report of the Village of Hazel Crest, Illinois, for the fiscal year ended April 30, 2011. Responsibility for both the accuracy of presented data and completeness of the presentation, including all disclosures, rests with the Village.

Management believes that the data as presented is accurate in all material aspects and is presented in a manner designed to fairly set forth the financial position, results of operations and cash flows of the Village, as measured by the financial activity of its various fund types and opinion units and that all disclosures necessary to enable the reader to gain maximum understanding of the Village's financial affairs have been included. Management assumes full responsibility for the completeness and reliability of all of the information presented in this report. This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The Village of Hazel Crest's MD&A can be found immediately following the report of the independent auditors.

In developing and evaluating the Village's accounting system, consideration is given to the adequacy of internal accounting controls. We believe the Village's internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

BACKGROUND INFORMATION

A presentation of general governmental functions of the Village of Hazel Crest refers to operations directly supervised or controlled by the Village of Hazel Crest Municipal Corporation. The operations include police and fire protection, water supply, sanitary and storm sewer collections, public works operations, commuter parking facilities operations and maintenance, road and bridge maintenance, community economic development, community relations, civil defense and general administrative services.

The following units of government are schools or special purpose districts that serve the entire community or a part hereof not included in the accompanying financial statements because they are autonomous of the Village and report to separately elected boards. The Village of Hazel Crest exerts no direct or indirect control or authority over these boards:

Grande Prairie Public Library District
Hazel Crest Park District
Prairie Hills School District #144
Hazel Crest School District #152 ½
Flossmoor School District #161
Homewood School District #153
Hillcrest High School District #228
Homewood-Flossmoor School District #223
Thornwood School District #205
Metropolitan Water Reclamation District

State law requires that the financial statements of the Village of Hazel Crest be audited by Certified Public Accountants. This requirement has been complied with and the Auditor's opinion is included in the Financial Section of this report.

The Village of Hazel Crest's government concluded fiscal year ended April 30, 2011 in sound financial condition.

ECONOMIC CONDITION AND OUTLOOK

Communities in Cook County continue to use the prior year Assessed Value to determine their Tax Levy. Public Act 89-1 established a 5% limit on the increase in extensions from the prior Levy Year to the current Levy Year, without holding what is known as a "Truth in Taxation" hearing.

The Village has five TIF Districts. The Village's oldest TIF District is known as the Palmer Lake Business Park.

The Village has four other established TIF districts. The 183rd Street TIF was established to redevelop French Village by aiding in securing tenants and promoting landscaping and remodeling. The 170th Street TIF was established to initiate Transit Oriented Development (T.O.D.) in and around the train station and to develop parking and pedestrian access and institute infrastructure and landscaping improvements. The Cherry Creek TIF remains essentially inactive, although there is an approved Planned Unit Development (P.U.D.) proposal for this site. Along 167th Street a TIF was created to promote development and promote expansion of Mi-Jack products.

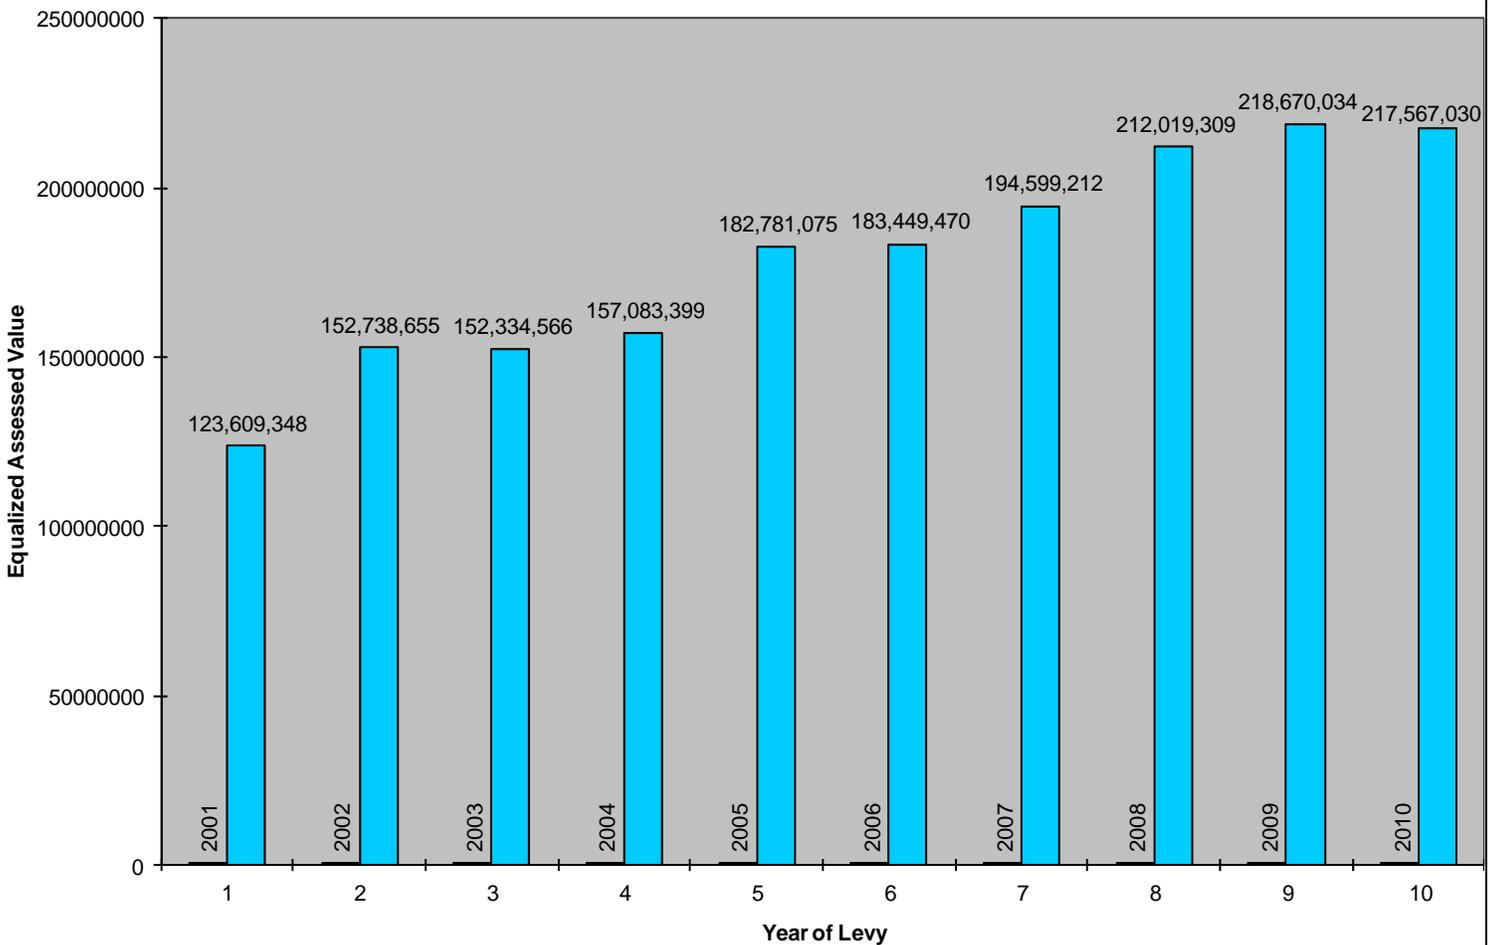

MAJOR INITIATIVES

The Village is continuing its local housing adjudication court. Better control of property maintenance and better enforcement of the garbage ordinance has resulted. The administrative adjudication process has been expanded to include minor traffic offenses, quasi criminal offenses and business licensing infractions.

Hazel Crest has been participating in the E-Com joint dispatch center. The participating Villages are Hazel Crest, Homewood, Flossmoor, Glenwood, Riverdale, and South Holland. Becoming a participant allows the Village to upgrade dispatch equipment through economies of scale.

Over the last ten years there has been a 76% increase in Equalized Assessed Value. The following table illustrates this trend:

**Village of Hazel Crest
Trend of Equalized Assessed Valuation
Last Ten Years (2000-2009)**

PROPERTY TAXES

The allocations of Property Tax rate by generic fund type of tax levy for 2010 and the proceeding four fiscal years are as follows:

Purpose	2006	2007	2008	2009	2010
General	\$1.720	\$1.828	\$1.886	\$1.728	\$2.138
General Obligation Debt	.012	.015	.163	.146	.173
Pensions	.349	.347	.414	.452	.476
Totals	\$2.081	\$2.190	\$2.463	2.326	2.789

INTERNAL ACCOUNTING SYSTEM AND BUDGETARY CONTROLS

In evaluating the Village's account system, the adequacy of internal accounting controls were analyzed and found to provide reasonable assurances related to the reliability of financial records for preparing financial statements and maintaining accountability for assets.

The concept of reasonable assurance recognizes that (1) the cost of controls should not exceed benefits likely to be derived and (2) evaluation of cost and benefits requires evaluation and judgment by management. All internal evaluations occur within the above framework. We believe that the Village's internal accounting controls provide reasonable assurance of proper recording of financial transactions.

The challenges of financing services and maintaining infrastructure in the Village continue to dominate the budget process. Fiscal responsibilities, public safety, infrastructure maintenance, economic development leading to increasing the revenue base, continue to be the priority of the Village Board of Trustees. The Village remains committed to meeting its prescribed fiscal controls.

ILLINOIS MUNICIPAL RETIREMENT FUND

The State of Illinois created a separate entity to provide retirement, death and disability benefits to certain municipal and school district employees. All full-time Village personnel other than qualifying police and firefighters are enrolled in this retirement fund known as the Illinois Municipal Retirement Fund (IMRF). The plan requires employees enrolled to pay 4.5% of earnings toward the plan while the Village pays the balance of the amount necessary to pay normal retirement costs for the year. Comprehensive IMRF Plan Benefits are available at IMRF OFFICES, 2211 York Road, Oak Brook, IL 60523-2337.

DEBT ADMINISTRATION

The ratio of bonded debt to assessed valuation and the amount of bonded debt per capita were useful indicators of the Village's debt position to municipal management, citizens and investors. The data for the Village of Hazel Crest for the 2011 fiscal year is found in the Statistical Section of the report. During the past year \$190,000 of General Obligation Debt was retired as scheduled.

CAPITAL ASSETS

Capital assets are those assets used in the performance of general governmental functions. Capital assets include infrastructure (roads, bridges, curbs and gutters, street and sidewalks, drainage and lighting systems).

All capital assets are valued at estimated historical cost, if actual historical cost is not available. Donated capital assets are valued at their estimated fair market value on the date donated. Capital assets are depreciated at rates intended to amortize the cost over each assets useful life.

TRUST AND AGENCY FUNDS

The Police Pension Fund is the direct responsibility of the Hazel Crest Police Pension Board. As administrators of the Police Pension Fund, the Board is responsible for a variety of tasks including qualifications of participants, certification of benefit amounts and investment of funds. An actuary annually reviews the financial status of this fund and recommends the amount to be provided by the Village. This amount together with employee contributions will assure proper funding of the Police Pension Fund given reasonable actuarial assumptions.

On an annual basis, the Board requests and receives the amount recommended as the employer contribution for the Police Pension Fund. The Village funded \$726,161 during the fiscal year ending April 30, 2011.

The Firefighters' Pension Fund is the direct responsibility of the Hazel Crest Firefighters' Pension Board. As administrators of the Firefighters' Pension Fund, the Board is responsible for a variety of tasks identical to those of the Police Pension Fund, including qualification of participants, certification of benefit amounts, and investment of funds. An actuary annually reviews the financial status of these funds and recommends an amount to be provided by the Village, which, together with the employee contributions will assure proper funding of the Firefighters' Pension Fund, given reasonable actuarial assumptions.

On an annual basis, the Village Board reviews and approves the amount recommended as the employer contribution for the Firefighters' Pension Fund. The Village funded \$335,358 during the fiscal year ending April 30, 2011.

REVENUE RECOGNITION

The Village recognizes revenues as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Village considers revenues to be available if they are collected within 90 days of the end of the current fiscal year (60 days for property taxes).

CERTIFICATE OF ACHIEVEMENT

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Hazel Crest for its comprehensive annual financial reports (CAFR) for the fiscal year ended April 30, 2010. This was the 29th consecutive year that the government has achieved this prestigious award (fiscal years ended 1982-2010). In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe our current comprehensive annual financial report continues to meet the Certificate of Achievement program requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

ACKNOWLEDGMENTS

Preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire office staff. Our appreciation is extended to all members of the Village Board for their interest and support in planning and conducting financial operations of the Village in a responsible and progressive manner.

This report evidences the significant progress the Village of Hazel Crest has made toward developing responsible financial reporting.

Respectfully submitted,

James L. Whigham, Sr.

Certificate of Achievement for Excellence in Financial Reporting

Presented to

Village of Hazel Crest
Illinois

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
April 30, 2010

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

President

Executive Director

Independent Auditor's Report

To the Honorable Mayor and
Members of the Board of Trustees
Village of Hazel Crest, Illinois
Hazel Crest, Illinois

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Hazel Crest, Illinois, as of and for the year ended April 30, 2011, which collectively comprise the Village's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the management of the Village of Hazel Crest, Illinois. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Village's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Hazel Crest, Illinois, as of April 30, 2011, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The required supplementary information which includes management's discussion and analysis (pages 3 - 11), pension and postemployment healthcare plan related schedules (pages 52 - 55) and budgetary schedules (pages 56 - 64) is not a required part of the basic financial statements but is supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements of the Village of Hazel Crest, Illinois. The combining and individual fund financial statements and other schedules listed in the table of contents as supplementary information are presented for purposes of additional analysis, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical information listed in the table of contents have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we express no opinion on them.

Basic Financial Statements

Government-Wide Financial Statements

Management's Discussion and Analysis

The management of the Village of Hazel Crest (the "Village") is providing this overview and analysis of the financial activities of the Village for fiscal year ended April 30, 2011. Please read it in conjunction with the Transmittal Letter and the Financial Statements in this report.

Financial Highlights

The assets of the Village exceeded its liabilities at the close of the most recent fiscal year by \$22,947,560. Of this amount, \$5,255,752 may be used to meet the government's ongoing obligations. The total net assets decreased by \$2,811,314 which was due largely in part to a decrease in property tax revenue, an increase in pension costs, and salary increments from labor contracts. Also, aging infrastructure in the Village has increased maintenance and repair costs. Total long-term debt of the Village decreased by \$233,334 during the fiscal year. General obligation debt of \$190,000 was repaid in fiscal year 2011. At the end of the current fiscal year, unreserved fund balance for the general fund was \$1,720,288 or 15 percent of total general fund expenditures.

Overview of the Financial Statements

This discussion and analysis is intended to be an introduction to the Village's basic financial statements. The basic financial statements are comprised of three components: government-wide financial statements, fund financial statements and notes to the financial statements. This report also contains other supplementary and statistical information in addition to the basic financial statements.

Government-wide financial statements. The government-wide financial statements provide a broad overview of the Village's finances in a manner similar to a private-sector business. The government's current financial resources are combined and consolidated with capital assets and long-term obligations using the modified accrual basis of accounting.

The statement of net assets presents information on all of the Village's assets and liabilities, with the difference between the two reported as net assets. In the future, the increase or decrease in net assets may be a useful indicator of whether the Village's financial position is improving or deteriorating.

The statement of activities presents information showing how the Village's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as they occur, regardless of the timing of cash flow. Therefore, revenues and expenses are reported for some items that will result in cash flows in future fiscal periods. The costs of various governmental services and any subsidy to business activities are presented.

Both of these government-wide financial statements distinguish the functions of the Village that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or most of their costs through user fees and charges (business-type activities). The Village's governmental activities include general services, public works, and public safety. Property, sales, utility and income taxes pay for most of those activities. The Village's business-type activities include water and sewer operations and a municipal parking operation. The government-wide financial statements include only the financial activities of the Village. There are no component units.

Management's Discussion and Analysis

Fund financial statements. A fund is a grouping of related accounts used to maintain control over resources that have been segregated for specific activities. Fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements. The Village funds are divided into three categories: governmental funds, proprietary funds and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Unlike government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental fund statements is narrower than that of the government-wide financial statements, it may be useful to compare similar information to better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures and changes in fund balance provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The Village maintains 16 individual governmental funds, 2 proprietary funds and 2 fiduciary funds. Information is presented separately in the governmental fund statement of revenues, expenditures, and changes in fund balances for four major funds: the General fund, the Palmer Lake TIF fund, the 183rd Street TIF fund, and the Hazel Crest Proper TIF fund. Data from the other 8 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements in this report.

The Village adopts an annual appropriated budget for 9 of its funds. No budgets were prepared for any TIF funds, the Community Development Block Grant Fund, or the Capital Projects fund. A budgetary comparison statement has been provided where appropriate to demonstrate compliance with this budget.

One type of proprietary fund is an enterprise fund. The Village maintains two enterprise funds to report the same functions presented as business-type activities in the government-wide financial statements, only in more detail. Those two functions are a municipal parking operation and sewer and water operations. Sewer and water operations are considered to be a major fund of the Village.

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the Village's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Management's Discussion and Analysis

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Village's progress in funding its obligation to provide pension benefits to its employees.

Government-Wide Financial Analysis

The following table is the condensed Village of Hazel Crest Statement of Net Assets as of April 30, 2011:

	Governmental Activities	Business-type Activities	Total Primary Government
Current and other assets	\$ 12,249,807	\$ 787,803	\$ 13,037,610
Capital assets	16,700,423	3,142,751	19,843,174
Noncurrent assets	37,294	-	37,294
Total assets	<u>28,987,524</u>	<u>3,930,554</u>	<u>32,918,078</u>
Long-term liabilities	4,042,731	682,695	4,725,426
Other liabilities	4,802,051	443,041	5,245,092
Total liabilities	<u>8,844,782</u>	<u>1,125,736</u>	<u>9,970,518</u>
Net assets:			
Invested in capital assets	14,011,120	3,142,751	17,153,871
Restricted for MFT allotments	517,937	-	517,937
Restricted for compost closure	20,000	-	20,000
Unrestricted (deficit)	5,593,685	(337,933)	5,255,752
Total net assets	<u>\$ 20,142,742</u>	<u>\$ 2,804,818</u>	<u>\$ 22,947,560</u>

The following table is the condensed Village of Hazel Crest Statement of Net Assets as of April 30, 2010:

	Governmental Activities	Business-type Activities	Total Primary Government
Current and other assets	\$ 12,454,979	\$ 747,481	\$ 13,202,460
Capital assets	18,115,455	3,408,764	21,524,219
Noncurrent assets	41,437	-	41,437
Total assets	<u>30,611,871</u>	<u>4,156,245</u>	<u>34,768,116</u>
Long-term liabilities	3,491,826	1,023,607	4,515,433
Other liabilities	4,114,942	378,867	4,493,809
Total liabilities	<u>7,606,768</u>	<u>1,402,474</u>	<u>9,009,242</u>
Net assets:			
Invested in capital assets	14,899,778	3,408,764	18,308,542
Restricted for MFT allotments	500,617	-	500,617
Restricted for compost closure	20,000	-	20,000
Unrestricted (deficit)	7,584,708	(654,993)	6,929,715
Total net assets	<u>\$ 23,005,103</u>	<u>\$ 2,753,771</u>	<u>\$ 25,758,874</u>

Management's Discussion and Analysis

Approximately 86 percent of the Village's net assets are invested in capital assets that are used to provide services to the citizens of the Village. Although they are reported net of debt, it should be noted that the resources needed to repay any debt must be provided from other sources since they cannot be liquidated to repay liabilities. It is the 14 percent unrestricted net asset amount that can be used to meet the ongoing obligations of the Village. The Village management has determined that unrestricted net assets of 3 to 6 months of governmental expenditures would ensure the Village is able to continue providing services to its citizens at the current level and is currently meeting that benchmark. The Village has a deficit for unrestricted net assets for its business-type activities. The water and sewer fund is no longer operating at a deficit mainly due to recent year's rate increases.

The following table is the condensed Village of Hazel Crest Statement of Activities for the Fiscal Year Ended April 30, 2011:

	Governmental Activities	Business-type Activities	Total Primary Government
Revenues:			
Program revenues:			
Charges for services	\$ 2,229,088	\$ 2,861,749	\$ 5,090,837
Operating grants and contributions	488,569	80,000	568,569
Capital grants and contributions	280,156	-	280,156
General revenues:			
Property taxes	5,936,179	-	5,936,179
TIF rebate	180,101	-	180,101
Other taxes	3,552,478	-	3,552,478
Other	521,032	-	521,032
Total revenues	13,187,603	2,941,749	16,129,352
Expenses:			
General services	7,378,579	-	7,378,579
Public works	1,326,554	-	1,326,554
Public safety	7,250,107	-	7,250,107
Interest expense	94,724	-	94,724
Waterworks and sewerage	-	2,845,464	2,845,464
Municipal parking	-	45,238	45,238
Total expenses	16,049,964	2,890,702	18,940,666
(Decrease) in net assets	(2,862,361)	51,047	(2,811,314)
Net assets May 1, 2010	23,005,103	2,753,771	25,758,874
Net assets April 30, 2011	\$ 20,142,742	\$ 2,804,818	\$ 22,947,560

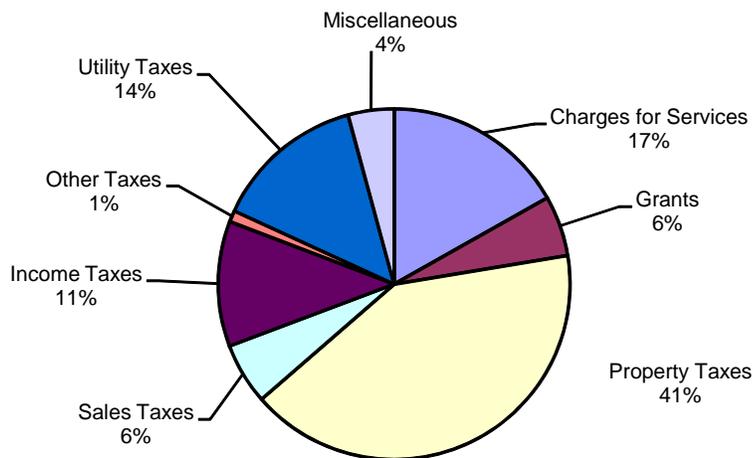

Management's Discussion and Analysis

The following table is the condensed Village of Hazel Crest Statement of Activities for the Fiscal Year Ended April 30, 2010.

The following chart summarizes how governmental activities are funded.

	Governmental Activities	Business-type Activities	Total Primary Government
Revenues:			
Program revenues:			
Charges for services	\$ 2,370,990	\$ 2,743,759	\$ 5,114,749
Operating grants and contributions	648,961	-	648,961
General revenues:			
Property taxes	7,659,961	-	7,659,961
TIF rebate	94,694	-	94,694
Other taxes	3,602,165	-	3,602,165
Other	425,880	-	425,880
Total revenues	<u>14,802,651</u>	<u>2,743,759</u>	<u>17,546,410</u>
Expenses:			
General services	6,762,100	-	6,762,100
Public works	2,600,659	-	2,600,659
Public safety	6,030,645	-	6,030,645
Interest expense	138,541	-	138,541
Sewer and water	-	2,886,506	2,886,506
Municipal parking	-	46,241	46,241

Revenues by Source - Governmental Activities

Management's Discussion and Analysis

41 percent of governmental activities are funded by property tax. This strong reliance on property tax limits Village spending. The Village has continued to provide the same level of services for its residents by continuing to adhere to its prescribed fiscal controls. The challenges presented by limited revenue have been met through sound budget planning. Each year this becomes more challenging.

Business-type activities are to be funded through charges for related services. This year the waterworks and sewerage activity had revenues for \$61,250 more than its expenditures. The commuter parking lot had expenses of \$10,203 more than its revenue this year.

Financial Analysis of the Government's Funds

Governmental funds provide information on near term inflows, outflows and balances of spendable resources. Unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of a fiscal year. At the end of the current fiscal year, the Village's governmental funds reported combined ending fund balances of \$8,524,131, a decrease of \$1,098,297 from the prior year. The unreserved general fund balance represents 15 percent of total general fund expenditures.

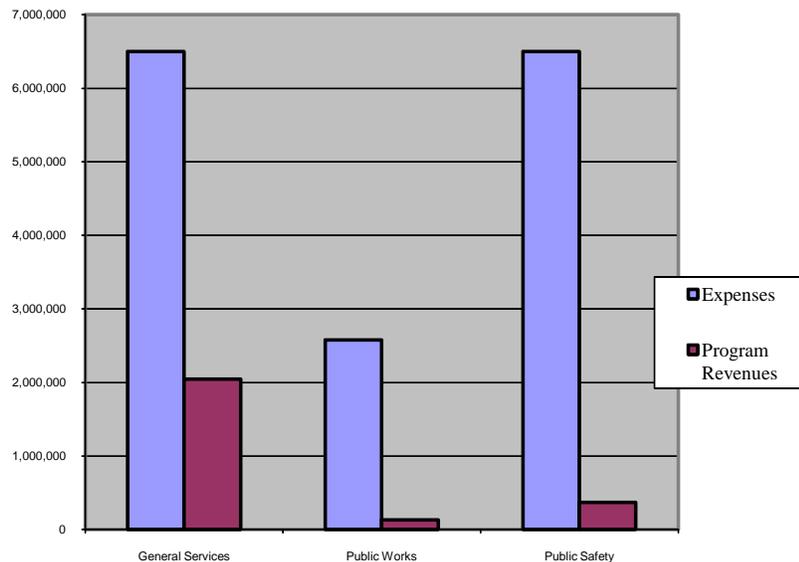

Proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net assets of the waterworks and sewerage fund were \$(458,284) and \$120,351 for the commuter parking lot fund. The waterworks and sewerage fund negative balance has improved over the prior year mainly due to the rate increases over the past few years.

General Fund Budgetary Highlights

No significant amendments were made to the original budget. During the year, revenues were less than budgetary estimates and expenditures were less than budgetary estimates.

Actual general revenues were lower than budgeted revenues by \$306,123. This was mainly due to less income taxes received than anticipated. Actual general expenditures were higher than budgeted expenditures by \$93,865 in the current year.

% Function is Funded by Program Revenues

Management's Discussion and Analysis

This year's General Fund shows a \$360,558 fund balance decrease, as opposed to last year's decrease of \$712,263. The Village continually tries to keep expenditure increases in line with revenue increases.

Fiscal year 2011 sales tax revenue of \$499,732 decreased \$23,050 or 4 percent less than 2010 sales tax revenue of \$522,782. Fiscal year 2011 income tax revenue of \$1,477,268 increased \$511,783 or 53 percent more than 2010 income tax revenue of \$965,485. Fiscal year 2011 utility tax revenue of \$1,147,933 decreased \$38,941 or 3 percent less than 2010 utility tax revenue of \$1,186,874. The Village has no control over the amount or timing of these receipts. Fiscal year 2011 ambulance fee receipts of \$326,466 decreased \$19,916 or 6 percent less than 2010 ambulance fee receipts of \$346,382.

The Village received \$4,995 less in interest income this year in the General Fund. The \$21,466 received is a 19 percent decrease from last year's interest of \$26,461.

Expenditures for the General Fund decreased \$16,735 from Fiscal 2010. The percent decrease in expenditures by major functions of the Village are shown in the following tabulations:

Expenditure by Function	2010 Amount	Percent of Total	2011 Amount	Percent of Total	Increase (Decrease) Amount	%
General Services	3,287,203	28%	3,538,255	31%	248,052	8%
Communications and Community Relations	166,068	1%	136,819	1%	(29,249)	-18%
Administrative Office	301,474	3%	235,829	2%	(65,645)	-22%
Capital Outlay	105,187	1%	165,442	1%	60,255	57%
Public Works	1,319,377	11%	1,121,609	10%	(197,768)	-15%
Police	3,541,723	31%	3,605,888	31%	64,165	2%
Fire/Paramedics	2,209,529	19%	1,784,998	15%	(424,531)	-19%
Inspection	-	-	419,388	4%	419,388	100%
Civil Defense	3,048	-	-	-	(3,048)	-100%
Insurance	655,732	6%	564,732	5%	(91,000)	-14%
	11,589,341		11,572,606			

The unreserved fund balance of the General Fund as of April 30, 2011 was \$1,720,288.

Special Revenue Fund Highlights

The Village receives revenue from various sources that are restricted by law to expenditures for specific purposes. These are identified as Special Revenue Funds. The Village's Special Revenue Fund includes the Motor Fuel Tax Fund.

Motor Fuel Tax (MFT) revenues are collected by the state on the sale of fuels and distributed based primarily upon a per capita figure. MFT funds are special revenues due to the restrictions to utilize them on transportation projects, related maintenance repairs or improvements. MFT Fund revenues of \$727,051 in fiscal year 2011 represented an increase of 17 percent from the \$621,502 collected in Fiscal 2010. Expenditures were more than revenues during the year by \$17,320 resulting in the current fund balance of \$517,937.

Management's Discussion and Analysis

Other Fund Highlights

The Village has established a Capital Projects Fund in order to undertake major purchases of equipment and improvements to infrastructure or buildings. The April 30, 2011 fund balance for the Capital Projects fund was \$368,235.

The Village has established Tax Incremental Financing (TIF) District funds to account for incremental property taxes of the TIF Districts and the use of those funds. The Village has five TIF funds of which three were considered major funds in fiscal year 2011. This year's Palmer Lake TIF District fund shows a \$904,901 fund balance decrease, as opposed to last year's increase of \$289,532. This year's decrease is mainly due to the large TIF surplus distribution exceeding the current year property tax receipts.

Waterworks and Sewerage Fund Highlights

Fiscal year 2011 water revenue of \$2,906,714 increased \$196,518 or 7 percent from fiscal year 2010 revenue of \$2,710,196. The following table presents key statistical information over the past five years for the water and sewerage system. A gain of \$61,250 resulted from operations of the Water and Sewerage Fund for fiscal year 2011.

	2011	2010	2009	2008	2007
Number of Metered Accounts (estimate)	4630	4630	4630	4630	4630
Gross Revenue	\$2,906,714	\$2,710,196	\$2,462,475	\$2,268,814	\$2,103,009
Expense	\$2,845,464	\$2,886,506	\$2,798,922	\$2,714,028	\$2,475,858
Operating Income (Loss)	\$61,250	\$(176,310)	\$(336,447)	\$(445,214)	\$(372,849)

Capital Asset and Debt Administration

The Village's investment in capital assets for its governmental and business-type activities as of April 30, 2011, amounts to \$19,843,174, net of depreciation. This investment in capital assets includes land and improvements, buildings and improvements, machinery and equipment, streets, sidewalks, storm sewers, manholes, hydrants, valves, streetlights and the water distribution system. More details on the Village's capital assets can be found in Note 4 of the financial statements.

At the end of the current year, the Village had total bond debt of \$1,540,000, general obligation debt certificates of \$427,000, notes payable of \$655,399, and tax incremental finance notes of \$66,904. More details on the Village's long-term debt obligations can be found in Note 5 of the financial statements.

Economic Factors and Next Year's Budget

The Village has completed five years of being a Home Rule Authority. As a result, we have implemented a gas tax of three cents per gallon and an additional 1 percent sales tax. A small retail development has been built in the Hazel Crest Proper area and should provide some additional convenience shopping in the 10,000 square foot center.

Management's Discussion and Analysis

In the far northeastern portion of the Village, in the Hazel Crest Proper area, the lowering of the 171st viaduct is anticipated to be a trigger for the Transit Oriented Development Plan, which was initiated in fiscal year 2007. A Tax Incremental Financing District is already in place and the Village rezoned the area delineated within the TIF District to promote the Transit Oriented Development Plan. Transit Oriented Development (TOD) focuses on development in and around transit stations, serving the commuter and the local community. The Hazel Crest Metra Electric Station would be the focal point for this development. The area is obviously a collection point for commuters arriving by bus, auto and on foot to board the train to Chicago. The goal of the TOD plan is to redevelop the area to serve these commuters as well as the local community, with convenient services.

In efforts to make the Village of Hazel Crest "Senior Friendly," we have instituted a full range of Senior Services. The Village offers transportation for seniors 60 years of age and older, as well as physically challenged individuals.

Other major developments are as follows:

- Local Cable Programming, Hazelnut Festival and Chamber of Commerce Reinstitution
- Beginning fourth year with E-Com Emergency Dispatch Center
- Water System Improvements

Requests for Information

This financial report is designed to provide a general overview of the Village of Hazel Crest's finances for all those with an interest in the government's operations. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Hazel Crest Village Manager, James L. Whigham, Sr., 3000 W. 170th Place, Hazel Crest, IL 60426.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies

Nature of Activities

The Village of Hazel Crest, Illinois, is located in Cook County, Illinois and was first incorporated in 1912 under the provisions of the constitution and general statutes of the State of Illinois. The Village operates under a council-manager form of government and provides a full range of services including public safety, roads, planning, zoning, and general administrative services.

The accounting policies of the Village of Hazel Crest conform to accounting principles generally accepted in the United States of America as applicable to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The following is a summary of the more significant accounting policies:

Financial Reporting Entity

As defined by generally accepted accounting principles established by the Governmental Accounting Standards Board (GASB), the financial reporting entity consists of the primary government, as well as component units, which are legally separate organizations for which elected officials of the primary government are financially accountable. Financial accountability is defined as:

- (1) Appointment of a voting majority of the component unit's board, and either (a) the ability to impose will by the primary government, or (b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government; or
- (2) Fiscal dependency on the primary government.

Based upon the application criteria, no component units have been included within the reporting entity.

Government-Wide and Fund Financial Statements

Government-Wide Financial Statements: The government-wide Statement of Net Assets and Statement of Activities report the overall financial activity of the Village. Eliminations have been made to minimize the double counting of internal activities of the Village. The financial activities of the Village consist of governmental activities, which are primarily supported by taxes and intergovernmental revenues, and business-type activities, which rely to a significant extent on fees and charges for services.

The Statement of Net Assets presents the Village's non-fiduciary assets and liabilities with the difference reported in three categories:

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds and other debt that are attributable to the acquisition, construction, or improvement of those assets.

Restricted net assets result when constraints placed on net asset use are either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the criteria of the two preceding categories.

When both restricted and unrestricted resources are available for use, it is the Village's policy to use restricted resources first to finance qualifying activities, then unrestricted resources as they are needed.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Government-Wide and Fund Financial Statements (Continued)

The Statement of Activities demonstrates the degree to which the direct expenses of a given function (i.e., general services, public safety, etc.) are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs (including fines and fees), and (b) grants and contributions that are restricted to meeting the operational requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

Fiduciary funds are excluded from the government-wide financial statements.

Fund Financial Statements: Separate financial statements are provided for governmental funds, proprietary funds and fiduciary (agency) funds, even though the latter are excluded from the government-wide financial statements. The fund financial statements provide information about the Village's funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. The Village has the following major governmental funds - General Fund, Tax Incremental Financing District Palmer Lake Fund, Tax Incremental Financing District 183rd Street Fund, and Tax Incremental Financing District Hazel Crest Proper. All remaining governmental funds are aggregated and reported as nonmajor governmental funds. The Village has the following major proprietary fund – Waterworks and Sewerage Fund. The remaining proprietary fund is reported as a nonmajor proprietary fund.

The Village administers the following major governmental funds:

General Fund – This is the Village's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. The services which are administered by the Village and accounted for in the general fund include general services, public works and public safety.

Tax Incremental Financing District Palmer Lake Fund – This fund is used to account for incremental property taxes of the tax incremental financing district in the Palmer Lake Development and the use of those funds.

Tax Incremental Financing District 183rd Street Fund – This fund is used to account for incremental property taxes of the tax incremental financing district in the 183rd Street Development and the use of those funds.

Tax Incremental Financing District Hazel Crest Proper Fund – This fund is used to account for incremental property taxes of the tax incremental financing district in the Hazel Crest Proper Development and the use of those funds.

The Village administers the following major proprietary fund:

Waterworks and Sewerage Fund – accounts for the provision of water and sewer services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including but not limited to, administration, operations, maintenance, financing and related debt service and billing and collection.

Additionally, the Village administers fiduciary (pension trust) funds for assets held by the Village in a fiduciary capacity on behalf of certain public safety employees.

Note 1. Summary of Significant Accounting Policies (Continued)

Measurement Focus and Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flow takes place. Nonexchange transactions, in which the Village gives (or receives) value without directly receiving (or giving) equal value in exchange, include various taxes, state-shared revenues and various state, federal and local grants. On an accrual basis, revenues from taxes are recognized when the Village has a legal claim to the resources. Grants, entitlements, state-shared revenues and similar items are recognized in the fiscal year in which all eligibility requirements imposed by the provider have been met.

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Village considers revenues to be available if they are collected within 90 days of the end of the current fiscal year (60 days for property taxes).

Significant revenue sources which are susceptible to accrual include property taxes, other taxes, grants, charges for services, and interest. All other revenue sources are considered to be measurable and available only when cash is received.

Expenditures generally are recorded when the liability is incurred, as under accrual accounting. However, compensated absences are recorded only when payment is due (upon employee retirement or termination). General capital asset acquisitions are reported as expenditures in governmental funds.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services in connection with the proprietary fund's principal ongoing operations.

Assets, Liabilities, and Net Assets or Equity

Cash and Cash Equivalents

The Village considers cash and cash equivalents to be all cash on hand, demand deposits, time deposits and all highly liquid investments with an original maturity of three months or less when purchased.

Investments

Investments are reported at fair value. Fair value is based on quoted market prices, except for insurance contracts which are carried at contract value, which approximates fair value.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Assets, Liabilities, and Net Assets or Equity (Continued)

Interfund Receivables, Payables and Activity

The Village has the following types of transactions between funds:

Loans — amounts provided with a requirement for repayment. Interfund loans are reported as due from other funds in lender funds and due to other funds in borrower funds for short-term borrowings and advances to other funds in lender funds and advances from other funds in borrower funds for long-term borrowings. Amounts are reported as internal balances in the government-wide statement of net assets.

Reimbursements — repayments from the funds responsible for particular expenditures or expenses to the funds that initially paid for them. Reimbursements are reported as expenditures in the reimbursing fund and as a reduction of expenditures in the reimbursed fund.

Transfers — flows of assets (such as cash or goods) without equivalent flows of assets in return and without a requirement for repayment. In governmental funds, transfers are reported as other financing uses in the funds making transfers and as other financing sources in the funds receiving transfers. In proprietary funds, transfers in/out are reported as a separate category after non-operating revenues and expenses.

Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Capital Assets

Capital assets which include land and improvements, streets, sidewalks, buildings, storm sewers, sanitary sewers, water distribution system and machinery and equipment are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined as assets with an initial individual cost of more than \$10,000, and an estimated useful life of greater than one year. Additions or improvements that significantly extend the useful life of an asset, or that significantly increase the capacity of an asset are capitalized. Expenditures for asset acquisitions and improvements are stated as capital outlay expenditures in the governmental funds.

These assets have been valued at historical cost or estimated historical cost if purchased or constructed. Donated assets are recorded at their estimated fair market value at the date of donation.

Interest incurred during the construction phase of capital assets is reflected in the capitalized value of the asset constructed, net of interest earned on the invested proceeds over the same period.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend the assets' lives are not capitalized.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Assets, Liabilities, and Net Assets or Equity (Continued)

Depreciation of capital assets is recorded in the Statement of Activities with accumulated depreciation reflected in the Statement of Net Assets and is provided on the straight-line basis over the following estimated useful lives:

	<u>Estimated Useful Lives</u>
Land improvements	15 - 30 years
Buildings	40 - 50 years
Machinery and equipment	10 - 20 years
Streets	30 years
Sidewalks	10 years
Storm Sewers	40 years
Manholes	40 years
Hydrants	40 years
Valves	40 years
Streetlights	30 years
Distribution system	40 - 60 years

Gains or losses from sales or retirements of capital assets are included in the operations on the Statement of Activities.

Unearned / Deferred Revenue

The Village defers revenue recognition in connection with resources that have been received, but not yet earned. Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period.

Compensated Absences

Vacation and sick leave are recorded in governmental funds when due (upon employee retirement or termination). Vested or accumulated vacation leave of proprietary funds is recorded as an expense and liability of those funds as the benefits accrue to employees. No liability is recorded for nonvesting accumulating rights to receive sick pay benefits. However an expenditure/expense is reported and a liability is recognized for that portion of accumulating sick leave benefits that is estimated will be taken as "terminal leave" at retirement.

Long-Term Obligations

In the government-wide financial statements and proprietary fund financial statements, long-term debt and other long-term obligations, including compensated absences, are reported as liabilities in the applicable governmental or business-type activities and proprietary fund Statement of Net Assets.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 1. Summary of Significant Accounting Policies (Continued)

Assets, Liabilities, and Net Assets or Equity (Continued)

In the fund financial statements, governmental funds recognize bond issuance costs during the year the bonds are sold. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Debt service funds are specifically established to account for and service the long-term obligations for the governmental funds debt. Long-term debt is recognized as a liability in a governmental fund when due, or when resources have been accumulated for payment early in the following year.

Fund Equity

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designated fund balances, if any, represent tentative plans for future use of financial resources.

Accounting Estimates

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amount of revenues and expenditures/expenses during the period. Actual results could differ from these estimates.

Note 2. Cash and Investments

Deposits

Custodial Credit Risk – Deposits. Custodial credit risk is the risk that in the event of bank failure, the Village's deposits may not be returned to it. The Village does not have a policy for custodial credit risk. As of April 30, 2011, the carrying amount of the Village's deposits was \$918,152 with bank balances totaling \$2,094,442. All of the Village's deposits were insured or collateralized at April 30, 2011. The Village also had \$1,250 of petty cash on hand at April 30, 2011.

As of April 30, 2011, the Village had \$6,488,579 with Illinois Funds, which are considered to mature in less than one year because the weighted average maturity of the pool is less than one year.

The Illinois Funds Investment Pool is not registered with the SEC. The pool is sponsored by the Treasurer of the State of Illinois, in accordance with State law. The fair value of the position in the pool is the same as the value of the pool shares.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 2. Cash and Investments (Continued)

Investments

As of April 30, 2011, the Village had the following investments and maturities:

Investment Type	Fair Value	Investment Maturities (in Years)			
		Less Than 1	1-5	6-10	More Than 10
U.S. Treasury notes	\$ 7,506,161	\$ -	\$ 5,055,031	\$ 2,451,130	\$ -
U.S. Agencies - FHLB	288,736	-	189,050	99,686	-
U.S. Agencies - FNMA	693	693	-	-	-
U.S. Agencies - GNMA	1,105,990	8,319	-	87,281	1,010,390
Municipal bonds	298,264	-	-	133,119	165,145
Insurance contracts	1,496,099	-	1,496,099	-	-
Certificates of deposit	2,013,332	463,312	1,550,020	-	-
Money market mutual funds	5,007,363	5,007,363	-	-	-
	<u>\$ 17,716,638</u>	<u>\$ 5,479,687</u>	<u>\$ 8,290,200</u>	<u>\$ 2,771,216</u>	<u>\$ 1,175,535</u>

Interest Rate Risk. The Village's investment policy does not specifically identify limits on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. State statutes authorize the Village to invest in obligations of the U.S. Treasury and U.S. agencies, obligations of states and their political subdivisions, repurchase agreements (under certain statutory restrictions), commercial paper rated within the three highest classifications by at least two standard rating services, the Illinois Funds and the Illinois Metropolitan Investment Fund. Pension funds may invest in investments as allowed by Illinois Compiled Statutes. As of April 30, 2011, the Village's investments in U.S. Government agencies, municipal bonds, and certificates of deposit were rated AAA by Standard & Poor's and Aaa by Moody's Investors Service. The Village's investments in the Illinois Funds were rated AAA by Standard & Poor's. The money market mutual funds and insurance contracts were not rated. The Village's investment policy does not address credit risk.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 2. Cash and Investments (Continued)

Concentration of Credit Risk. Concentration of credit risk is the Village's risk when more than 5 percent of the Village's investments are with a single issuer. The Village's investment policy requires diversified investments to eliminate the risk of loss resulting in over concentration in a specific issuer or class of securities. The diversification can be by type of investment, number of institutions invested in, and length of maturity. More than 5 percent of the Village's investments are in U.S. Agencies-GNMA, Insurance Contracts, Money Market Mutual Funds, and Certificates of Deposit. These investments are 6.2%, 8.4%, 28.3%, and 11.4% respectively, of the Village's total investments.

Custodial Credit Risk Investments. For an investment, this is the risk that in the event of failure of the counterparty, the Village will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The U.S. Treasury Notes, U.S. agency securities, insurance contracts, municipal bonds, and certificates of deposit are held by the Village's agent in the Village's name. The Illinois Funds Investment Pool and Money Market Mutual Funds are not subject to custodial credit risk. The Village's investment policy does not address custodial credit risk for investments.

The previously discussed deposits of \$919,402, Illinois Funds of \$6,488,579 and investments of \$17,716,638 totaling \$25,124,619 are reported in the financial statements as follows:

Governmental and business-type activities,	
Cash and cash equivalents	\$ 6,495,760
Fiduciary Funds:	
Cash and cash equivalents	912,221
Investments:	
Certificates of deposit	2,013,332
U.S. Treasury notes	7,506,161
U.S. Government agencies	1,395,419
Municipal bonds	298,264
Insurance contracts	1,496,099
Money market mutual funds	<u>5,007,363</u>
Total	<u>\$ 25,124,619</u>

Note 3. Property Taxes

The Village annually establishes a legal right to the property tax assessments upon the enactment of a tax levy ordinance by the Village Board. These tax assessments are levied in December and attach as an enforceable lien on the previous January 1. Tax bills are prepared by the County and issued on or about February 1 and July 1, and are payable in two installments which become due on or about March 1 and August 1. The County collects such taxes and periodically remits them to the Village.

A reduction for collection losses (3%) based on historical collection experience has been provided to reduce the taxes receivable to the estimated amount to be collected. That portion of the property taxes receivable which is not expected to be collected within sixty (60) days after the year-end is not considered available to pay current liabilities and is, therefore, shown as deferred revenue.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 4. Capital Assets

Governmental Activities

A summary of the changes in capital assets for governmental activities of the Village is as follows:

	Balance May 1, 2010	Additions	Retirements	Balance April 30, 2011
Governmental activities:				
Capital assets not being depreciated:				
Land	\$ 860,013	\$ -	\$ -	\$ 860,013

Compensated absences, net pension obligation, and other postemployment benefits are typically liquidated by the General Fund.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 5. Long-Term Obligations (Continued)

Business-Type Activities

The following is a summary of long-term obligation activity for the Village associated with business-type activities for the year ended April 30, 2011:

	Outstanding Obligations as of May 1, 2010	Additions	Reductions	Outstanding Obligations as of April 30, 2011	Due within one year
Compensated absences	\$ 54,988	\$ 22,016	\$ 38,350	\$ 38,654	\$ 14,601

Outstanding obligations for both governmental and business-type activities as of April 30, 2011 consist of the following:

General obligation bonds:

General obligation bonds, Series 2006 dated December 1, 2006. Principal is due in semi-annual installments on June 1 and December 1 in varying amounts through 2021. Interest is due in semi-annual installments on June 1 and December 1 at rates from 3.7% to 3.85%. \$ 1,540,000

General obligation debt certificates:

General obligation debt certificates, series 2005 dated April 26, 2005. Principal due in annual installments of \$50,000 through 2019 and \$27,000 in 2020. Interest is variable. 427,000

Tax incremental revenue notes:

Tax incremental revenue notes, payable solely from incremental property taxes from the Tax Incremental Finance District, provide for retirement of interest and principal to be paid annually. Repayments are limited to amounts paid in property taxes that year by the note holder. Interest is at the prime rate (3.25% at April 30, 2011) plus 2% and is paid with the notes as incremental property taxes become available. All notes still outstanding on June 27, 2011 will be canceled. 66,904

Notes payable:

Note payable due in annual installments on December 31 in the amount of \$15,769 through 2017. The note is interest free. 110,388

Notes payable due in semi-annual installments on June 30 and December 31 in varying amounts through 2013 with a final balloon payment in 2014. Interest is 3.83%. 545,011

Compensated absences, governmental activities 509,499

Compensated absences, business-type activities 38,654

Net pension obligation 139,708

Other postemployment benefits 1,975,642

Total long-term obligations \$ 5,352,806

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 5. Long-Term Obligations (Continued)

The future debt service requirements to amortize the outstanding debt that has stated principal and interest maturities are as follows:

Fiscal Year	Governmental Activities					
	General Obligation Bonds		Debt Certificates		Notes Payable	
	Principal	Interest	Principal	Interest	Principal	Interest
2012	\$ 125,000	\$ 57,850	\$ 50,000	\$ 16,226	\$ 75,438	\$ 20,300
2013	135,000	53,225	50,000	14,326	77,745	17,993
2014	140,000	48,230	50,000	12,426	439,135	17,080

2016	150,000	37,685	50,000	8,626	15,769	-
2017	155,000	32,135	50,000	6,726	15,769	-
2018	160,000	26,400	50,000	4,826	15,774	-
2019	170,000	20,320	50,000	2,926	-	-
2020	175,000	13,860	27,000	1,026	-	-
2021	185,000	7,123	-	-	-	-
	<u>\$ 1,540,000</u>	<u>\$ 339,878</u>	<u>\$ 427,000</u>	<u>\$ 77,634</u>	<u>\$ 655,399</u>	<u>\$ 55,374</u>

Interest on the variable-rate general obligation bonds is paid at the Bank of New York corporate rate and is reset weekly. The interest rate was 0.50 percent at April 30, 2011.

Note 6. Pension and Retirement Plan Commitments

Substantially all Village employees are covered under one of the following employee retirement plans.

Illinois Municipal Retirement Fund

Plan Description. The Village's defined benefit pension plan for regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The Village's plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at www.imrf.org.

Funding Policy. As set by statute, the Village's regular plan members are required to contribute 4.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer contribution rate for fiscal year 2011 was 9.48 percent of annual covered payroll. The Village also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 6. Pension and Retirement Plan Commitments (Continued)

The Village's annual pension cost and net pension obligation to the plan for fiscal year 2011 were as follows:

Annual required contribution	\$ 249,960
Interest on net pension obligation	1,982
Adjustment to annual requirement contribution	<u>1,417</u>
Annual pension cost	253,359
Contributions made	<u>204,695</u>
Increase in net pension obligation	48,664
Net pension obligation, beginning of year	<u>25,350</u>
Net pension obligation, end of year	<u><u>\$ 74,014</u></u>

Trend Information

Fiscal Year Ending	Annual Pension Cost (APC)	Percentage of APC Contributed
04/30/11	\$ 204,695	100 %
04/30/10	230,861	100
04/30/09	213,385	100

The required contribution for 2010 was determined as part of the December 31, 2008, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2008, included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00 percent a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4 percent to 10 percent per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3 percent annually. The actuarial value of the Village's regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20 percent corridor between the actuarial and market value of assets. The Village's regular plan's unfunded actuarial accrued liability at December 31, 2008 is being amortized as a level percentage of projected payroll on an open 30 year basis.

Funded Status and Funding Progress. As of December 31, 2010, the most recent actuarial valuation date, the regular plan was 43.13 percent funded. The actuarial accrued liability for benefits was \$7,213,630 and the actuarial value of assets was \$3,111,573, resulting in an unfunded actuarial accrued liability (UAAL) of \$4,102,057. The covered payroll for calendar year 2010 (annual payroll of active employees covered by the plan) was \$2,268,797 and the ratio of the UAAL to the covered payroll was 181 percent. In conjunction with the December 2010 actuarial valuation, the market value of investments was determined using techniques that spread the effect of short-term volatility in the market value of investments over a five-year period with a 20 percent corridor between the actuarial and market value of assets. In 2011, the unfunded actuarial accrued liability is being amortized on a level percentage of projected payroll on an open 30 year basis.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 6. Pension and Retirement Plan Commitments (Continued)

Sheriff's Law Enforcement Personnel

Plan Description. The Village's defined benefit pension plan for Sheriff's Law Enforcement Personnel (SLEP) employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The Village's plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at www.imrf.org.

Funding Policy. As set by statute, the Village's regular plan members are required to contribute 7.50 percent of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer contribution rate for fiscal year 2011 was 12.44 percent of annual covered payroll. The Village also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Annual Pension Cost. For fiscal year 2011, the Village's annual pension cost of \$12,531 for the Regular plan was equal to the Village's required and actual contributions.

Trend Information

Fiscal Year Ending	Annual Pension Cost (APC)	Percentage of APC Contributed
04/30/11	\$ 12,531	100 %
04/30/10	-	100
04/30/09	-	100

The required contribution for 2010 was determined as part of the December 31, 2008, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2008, included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00 percent a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4 percent to 10 percent per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3 percent annually. The actuarial value of the Village's SLEP plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20 percent corridor between the actuarial and market value of assets. The Village's SLEP plan's overfunded actuarial accrued liability at December 31, 2008 is being amortized as a level percentage of projected payroll on a open 30 year basis.

Funded Status and Funding Progress. As of December 31, 2010, the most recent actuarial valuation date, the SLEP's plan was 219.96 percent funded. The actuarial accrued liability for benefits was \$24,537 and the actuarial value of assets was \$53,971, resulting in an overfunded actuarial accrued liability (UAAL) of \$29,434. The covered payroll for calendar year 2010 (annual payroll of active employees covered by the plan) was \$100,093. Because the plan is overfunded, there is no ratio of the UAAL to the covered payroll.

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 6. Pension and Retirement Plan Commitments (Continued)

Police Pension Plan

Police-sworn personnel are covered by the Police Pension Plan which is a defined benefit single-employer pension plan. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois Compiled Statutes and may be amended only by the Illinois Legislature. The plan provides retirement benefits as well as death and disability benefits. The plan does not issue a separate stand-alone financial report.

Covered employees are currently required to contribute 9.91 percent of their base salary to the Police Pension Plan. The member rate is determined by state statute. The Village is required to contribute at an actuarially determined rate. The employer rate for fiscal year ended April 30, 2010 was 37.59 percent of covered payroll. The employer contribution is funded by property taxes. Administrative costs are funded by investment earnings. Contributions and benefits are recognized when due and payable. Refunds are recognized as paid.

The most recent actuarial valuation date was April 30, 2010.

The Village's annual pension cost and net pension obligation/asset to the Plan for the year ended April 30, 2011, were as follows:

Annual required contribution	\$ 610,555
Interest on net pension obligation	-
Adjustment to annual requirement contribution	115,566
Annual pension cost	<u>726,121</u>
Contributions made	<u>726,121</u>
Decrease in net pension obligation	-
Net pension obligation, beginning of year	<u>-</u>
Net pension obligation, end of year	<u><u>\$ -</u></u>

The annual required contribution for the year ended April 30, 2011, was determined as part of the April 30, 2010, actuarial valuation report using the entry age normal cost method. The actuarial assumptions included (a) 7.0 percent investment rate of return, (b) projected salary increases of 5.0 percent, (c) 3.0 percent per year cost of living adjustments. Both (a) and (b) included an inflation component of 3.0 percent. The actuarial value of Police Pension assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. The Police Pension Plan's unfunded actuarial liability is being amortized as a level percentage of payroll on a closed basis. The remaining amortization period at April 30, 2010, was 23 years.

Trend Information

Fiscal Year Ended	Annual Pension Cost (APC)	Annual Contributions Made	Percentage of APC Contributed	Net Pension Obligation
04/30/11	\$ 726,121	\$ 726,121	100.0 %	\$ -
04/30/10	577,767	651,237	112.7	-

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 6. Pension and Retirement Plan Commitments (Continued)

The funded status of the Police Pension Plan as of April 30, 2010, the most recent actuarial valuation, is as follows:

Actuarial Valuation Date	Actuarial Value of Assets	Actuarial Accrued Liability	Unfunded Actuarial Accrued Liability (UAAL)	Funded Ratio	Covered Payroll	UAAL as a Percentage of Covered Payroll
4/30/2010	\$ 11,902,693	\$ 20,013,788	\$ 8,111,095	59.5 %	\$ 1,732,405	468.2 %

The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the actuarial accrued liability.

Membership in the plan consisted of the following as of April 30, 2010:

Retirees and beneficiaries receiving benefits	20
Terminated plan members entitled to but not yet receiving benefits	1
Active vested plan members	12
Active nonvested plan members	16
	49
	49

Firefighters' Pension Plan

Fire-sworn personnel are covered by the Firefighters' Pension Plan which is a defined benefit single-employer pension plan. Although this is a single-employer pension plan, the defined benefits as well as the employee and employer contributions levels are governed by Illinois Compiled Statutes and may be amended only by the Illinois legislature. The plan provides retirement benefits as well as death and disability benefits. The plan does not issue a separate stand-alone report.

Covered employees are required to contribute 9.455 percent of their salary to the Firefighters' Pension Plan. The Village is required to contribute at an actuarially determined rate. The employer rate for fiscal year ended April 30, 2010, was 23.40 percent of covered payroll. The employer contribution is funded by property taxes. Administrative costs are funded by investment earnings. Contributions and benefits are recognized when due and payable. Refunds are recognized as paid.

The most recent actuarial valuation date was April 30, 2010.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 6. Pension and Retirement Plan Commitments (Continued)

The Village's annual pension cost and net pension obligation to the Plan for the year ended April 30, 2011, were as follows:

Annual required contribution	\$ 252,915
Interest on net pension obligation	10,335
Adjustment to annual requirement contribution	-
Annual pension cost	<u>263,250</u>
Contributions made	<u>335,358</u>
Decrease in net pension obligation	(72,108)
Net pension obligation, beginning of year	<u>137,802</u>
Net pension obligation, end of year	<u><u>\$ 65,694</u></u>

The annual required contribution for the year ended April 30, 2011, was determined as part of the April 30, 2010, actuarial valuation report using the entry age normal cost method. The actuarial assumptions included (a) 7.5 percent investment rate of return, (b) projected salary increases of 5.5 percent, and (c) 3.0 percent per year cost of living adjustments. Both (a) and (b) included an inflation component of 3.0 percent. The actuarial value of Firefighters' Pension assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five-year period. The Firefighters' Pension Plan's unfunded actuarial liability is being amortized as a level percentage of payroll on a closed basis. The remaining amortization period at April 30, 2010, was 23 years.

Trend Information

Fiscal Year Ended	Annual Pension Cost (APC)	Annual Contributions Made	Percentage of APC Contributed	Net Pension Obligation
04/30/11	\$ 263,250	\$ 335,358	127.4 %	\$ 65,694

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 7. Risk Management

The Village is exposed to various risks of loss related to torts; theft of, damage to, and destruction to assets; errors and omissions; injuries to employees; and natural disasters. The Village is a member of the Intergovernmental Risk Management Agency (IRMA) which is a public entity risk pool. The Village pays annual premiums to IRMA for its workers' compensation, general liability and property coverage. The Cooperative agreement provides that IRMA will be self-sustaining through member premiums and will reinsure through commercial companies for claims in excess of \$399,000 per occurrence for workers' compensation and \$999,000 per occurrence for general liability and property.

One representative from each member serves on the IRMA board, and each board member has one vote on the board. None of its members have any direct equity interest in IRMA.

The Village purchases commercial insurance to cover its employees for health claims.

The Village has not had significant reductions in insurance coverage from the previous year nor did settlements exceed insurance coverage in any of the last three years.

Note 8. Deferred Compensation Plan

The Village offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all Village employees, permits them to defer a portion of their salary until future years. The Plan allows eligible employees to defer a portion of their compensation up to \$13,000. Such accruals accumulate on a tax-deferred basis until the employee withdraws the funds. There were no contributions to the plan by the Village for the year ended April 30, 2011.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 9. Other Fund Disclosures (FFS Level Only)

(a) Due To/From Other Funds

Individual fund interfund receivable and payable balances as of April 30, 2011, are as follows:

<u>Fund</u>	<u>Due From Other Funds</u>
General Fund Nonmajor Governmental Fund, Limited Tax Bonds	<u>\$ 64,235</u>

<u>Fund</u>	<u>Due To Other Funds</u>
Nonmajor Governmental Fund, Limited Tax Bonds General Fund	<u>\$ 64,235</u>

Interfund due to/from other funds reflect operating loans which are expected to be repaid in the following fiscal year.

(b) Advances To/From Other Funds

<u>Fund</u>	<u>Advances From Other Funds</u>
General Fund Waterworks and Sewerage Fund	<u>\$ 658,642</u>

<u>Fund</u>	<u>Advances To Other Funds</u>
Waterworks and Sewerage Fund General Fund	<u>\$ 658,642</u>

Advances to/from other funds reflect operating loans which are not expected to be repaid in the following fiscal year.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 9. Other Fund Disclosures (FFS Level Only) (Continued)

(c) Deficit Fund Balance

The Limited Bond Fund had a deficit fund balance of \$61,212 for the year ended April 30, 2011. The Village plans to eliminate this deficit with future property tax revenues.

Note 10. Postemployment Healthcare Plan

Plan Description. The Village provides postretirement healthcare benefits to all employees with a minimum of 20 years of service who retire from the Village that were in the plan prior to retiring. This is a single-employer plan. The Retiree Health Plan does not issue a publicly available financial report.

Funding Policy. The required contribution is based on projected pay-as-you-go financing requirements. Retirees receive coverage under the Village's health plan with an employer contribution rate of 92.5 percent of the premiums for the coverage elected by the employee and 25 percent of the premiums for coverage elected by dependents. For fiscal year 2011, the Village contributed \$171,716 to the plan.

Annual OPEB Cost and Net OPEB Obligation. The Village's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the *annual required contribution of the employer* (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. The Village's net OPEB obligation at April 30, 2011 is included as a liability on the Statement of Net Assets as "other postemployment benefits." The following table shows the components of the Village's annual OPEB cost for the year ended April 30, 2011, the amount actually contributed to the plan, and changes in the Village's net OPEB obligation to the plan:

Annual required contribution	\$ 1,011,081
Interest on net OPEB obligation	51,845
Adjustment to annual required contribution	(67,684)
Annual OPEB cost (expense)	<u>995,242</u>
Contributions made	<u>171,716</u>
Increase in net OPEB obligation	823,526
Net OPEB obligation, beginning of year	<u>1,152,116</u>
Net OPEB obligation, end of year	<u><u>\$ 1,975,642</u></u>

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 10. Postemployment Healthcare Plan (Continued)

The Village's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2011 and the two preceding years were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
04/30/11	\$ 995,242	17.3 %	\$ 1,975,642
04/30/10	727,595	23.1	1,152,116
04/30/09	727,595	18.6	592,390

Funded Status and Funding Progress. As of April 30, 2011, the most recent actuarial valuation date, the plan was not funded. The actuarial accrued liability for benefits was \$9,566,603, and the actuarial value of assets was \$0, resulting in an unfunded actuarial liability (UAAL) of (\$9,566,603). The covered payroll (annual payroll of active employees covered by the plan) was \$6,381,866 and the ratio of the UAAL to the covered payroll was 149.9 percent.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about the future employment, mortality, and the healthcare cost trend. Amounts determined reporting the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions. In the April 30, 2011 actuarial valuation, the entry age actuarial cost method was used. The actuarial assumptions included a 4.5 percent investment rate of return (net of administrative expenses), which is the expected long-term investment returns on the employer's own investments calculated based on the funded level of the plan at the valuation date and an annual healthcare cost trend rate of 10 percent initially, reduced by decrements to an ultimate rate of 5 percent. The actuarial value of assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period. The UAAL is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at April 30, 2011 was 30 years.

Note 11. New Governmental Accounting Standards

GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, will be effective for the Village beginning with its year ending April 30, 2012. This Statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

GASB Statement No. 57, *OPEB Measurements by Agent Employers and Agent Multiple-Employer Plans*, will be effective for the Village with its year ended April 30, 2013. This statement addresses issues related to the use of the alternative measurement method and the frequency and timing of measurements by employers that participate in agent multiple-employer other postemployment benefit plans.

GASB Statement No. 59, *Financial Instrument Omnibus*, will be effective for the Village with its year ended April 30, 2012. This statement updates and improves existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice.

GASB Statement No. 60, *Accounting and Financial Reporting for Service Concession Arrangements*, will be effective for the Village beginning with its year ending April 30, 2013. The objective of this Statement is to improve financial reporting by addressing issues related to service concession arrangements (SCAs), which are a type of public-private or public-public partnership. This Statement establishes recognition, measurement, and disclosure requirements for SCAs for both transferors and governmental operators.

GASB Statement No. 61, *The Financial Reporting Entity: Omnibus—an amendment of GASB Statements No. 14 and No. 34*, will be effective for the Village beginning with its year ending April 30, 2014. The objective of this Statement is to improve financial reporting for a governmental financial reporting entity. The requirements of Statement No. 14, *The Financial Reporting Entity*, and the related financial reporting requirements of Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, were amended to better meet user needs and to address reporting entity issues that have arisen since the issuance of those Statements.

GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*, will be effective for the Village beginning with its year ending April 30, 2013. This Statement incorporates into the GASB's authoritative literature certain accounting and financial reporting guidance that was previously included in certain other non-GASB literature issued before November 30, 1989.

GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, will be effective for the Village with its year ended April 30, 2013. This statement standardizes the presentation of deferred outflows of resources and deferred inflows of resources and their effects on a government's net position.

Village of Hazel Crest, Illinois

Notes to Financial Statements

Note 11. New Governmental Accounting Standards (Continued)

GASB Statement No. 64, *Derivative Instruments: Application of Hedge Accounting Termination Provisions – an amendment of GASB Statement No. 53*, will be effective for the Village with its year ended April 30, 2013. This statement enhances comparability and improves financial reporting by clarifying the circumstances in which hedge accounting should continue when a swap counterparty, or a swap counterparty's credit support provider, is replaced.

Management has not yet completed its evaluation of the impact, if any, of the provisions of these statements on its financial statements.

Note to Required Supplementary Information

Note 1. Budgetary Basis of Accounting

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. The original budget was not amended during the current year.

The Village follows these procedures in establishing the budgetary data reflected in the financial statements:

- a) Village Manager submits to the Village Board of Trustees a proposed operating budget ordinance, which serves as a budget, for the fiscal year commencing the following May 1. The operating budget ordinance includes proposed expenditures and the means of financing them.
- b) Public hearings are conducted by the Village to obtain taxpayer comments.
- c) Subsequently, the budget is legally enacted through passage of an ordinance.
- d) Formal budgetary integration is employed as a management control device during the year for the general, special revenue, debt service and capital projects funds.
- e) Budgets for the general, special revenue, debt service and the capital projects funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America.
- f) Budgetary authority lapses at year-end.
- g) State law requires that "expenditures be made in conformity with appropriation/budget." As under the Budget Act, transfers between line items and departments may be made by administrative action.
- h) Budgeted amounts are as originally adopted.
- i) The Village adopts an annual appropriated budget for 5 of its funds. No budgets were prepared for any TIF Funds, the Community Development Block Grant Fund or the Capital Projects Fund.

Excess of Expenditures Over Budget

The following funds overexpended their budgets by the following amounts during the year ended April 30, 2011 as follows:

<u>Fund</u>	<u>Budget</u>	<u>Actual</u>
General	\$ 11,478,741	\$ 11,572,606
Motor Fuel Tax	341,004	709,731
Commuter Parking Lot	43,500	45,238

Statistical Section

This part of the Village of Hazel Crest comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the Village's overall financial health.

<u>Contents</u>	<u>Page</u>
Financial Trends These schedules contain trend information to help the reader understand how the Village's financial performance and well-being have changed over time.	82-87
Revenue Capacity These schedules contain information to help the reader assess the factors affecting the Village's ability to generate its property and sales taxes.	88-95
Debt Capacity These schedules present information to help the reader assess the affordability of the Village's current levels of outstanding debt and the Village's ability to issue additional debt in the future.	96-99
Demographic and Economic Information These schedules offer demographic and economic indicators to help the reader understand the environment within which the Village's financial activities take place and to help make comparisons over time and with other governments.	100-102
Operating Information These schedules contain information about the Village's operations and resources to help the reader understand how the Village's financial information relates to the services the Village provides and the activities it performs.	103-104

Sources:

Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year. The Village implemented Statement 34 in 2004; schedules that present government-wide information include information beginning in that year.

(1) Includes IEPA Revolving Loan Fund Bonds

(2) Includes original principal amounts of outstanding General Obligation Capital Appreciation Bonds

(3) Excludes outstanding principal amounts of General Obligation (Alternative Revenue Source) Bonds

* Determined by ratio of assessed valuation of property subject to taxation in the Village of Hazel Crest to valuation of property subject to taxation in overlapping unit.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the Village. This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the Village of Hazel Crest. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.

Village of Hazel Crest, Illinois

Schedule of Legal Debt Margin

April 30, 2011

The Village is a home rule municipality.

Chapter 65, Section 5/8-5-1 of the Illinois Compiled Statutes governs computation of the legal debt margin.

"The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property...(2) if its population is more than 25,000 and less than 500,000 in aggregate of one percent:...indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts."

To date the General Assembly has set no limits for home rule municipalities.
